## September 2025

### A Note from the Administrator:

I hope everyone had a fantastic summer! As the days start to get shorter and leaves start to change, we are entering a time for new beginnings with new classrooms, routines, teachers and friends. We look forward to the school year and all of the exciting things that will take place!

Please bring in all listed classroom supplies as soon as possible. Reach out to your child's classroom teacher or myself with any questions.

A friendly reminder to close security doors behind you. Doors should only be held open for people you know personally. I know it is counterculture from our family-like atmosphere here, but security is a top priority. Thank you!
